WHEREAS, the City, TNC drivers, TNCs, and the public agree that TNC drivers should be compensated fairly and earn at least the equivalent of the "hourly minimum wage" established for Schedule 1 employers in Chapter 14.19 plus reasonable expenses; and WHEREAS, the establishment of a minimum compensation standard better ensures that drivers can perform their services in a safe and reliable manner and thereby promotes the welfare of the people and is thus a fundamental governmental function; and WHEREAS, the establishment of a minimum compensation standard for TNC drivers is a subject of vital and imminent concern to the people of this City and requires appropriate action by City Council to establish a minimum compensation standard within the City; NOW, THEREFORE,

BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:

Section 1. Findings

A. In order to protect the public health, safety, and welfare, The City of Seattle is granted express authority to regulate for-hire transportation services pursuant to chapter 46.72 RCW. This authority includes regulating entry, requiring a license, controlling rates, establishing safety requirements, and any other requirement to ensure safe and reliable transportation services.

B. In the pursuit of economic opportunity, many transportation network company (TNC) drivers are immigrants and people of color who have taken on debt or invested their savings to purchase and/or lease vehicles to provide TNC services.

C. Studies around the nation, including a 2018 study commissioned by the New York
City Taxi and Limousine Commission (NYC TLC) entitled *An Earnings Standard for New York*City's App-based Drivers: Economic Analysis and Policy Assessment and a 2018 nationwide
study by the Economic Policy Institute entitled *Uber and the Labor Market: Uber Drivers*'

Compensation, Wages, and the Scale of Uber and the Gig Economy (Economic Policy Institute Study), have shown that many TNC drivers earn below the equivalent of the hourly minimum wage rate established by Chapter 14.19 of the Seattle Municipal Code for Schedule 1 employers.

D. A 2018 JP Morgan Chase Institute study entitled *The Online Platform Economy in* 2018 reported a decrease in TNC driver earnings nationwide between 2013 and 2017, a 2019 Seattle Times report showed a decrease in the percentage of the passenger fares collected by the companies that drivers are paid, and Uber Technology, Inc.'s April 2019 Form S-1 filing with the Securities and Exchange Commission states "we aim to reduce Driver incentives to improve our financial performance."

E. The TNCs represent that their business models rely on TNC drivers being classified as independent contractors and that they are exempt from minimum labor standards established by federal, state, and local law.

- F. TNC drivers receive unpredictable income due to the high variability of the rates of compensation paid by TNCs.
- G. The City of New York recently enacted an ordinance authorizing the NYC TLC to study and set minimum driver pay, as well as transparency and data reporting standards, and the NYC TLC promulgated rules establishing such standards.
- H. There is a lack of localized research regarding TNC driver pay, working conditions, reasonable expenses, and work hours.
- I. Establishing a minimum compensation standard will help ensure that the compensation that thousands of drivers who provide vital transportation services in Seattle every day receive for their services is sufficient to alleviate undue financial pressure to provide transportation in an unsafe manner by working longer hours than is safe, skipping needed breaks, or operating

14.19;

14.31.060 Evaluation of TNC driver minimum compensation

A. The Agency, in coordination with the Office of Labor Standards, shall conduct an evaluation to determine a minimum compensation standard for TNC drivers that is comprised of at least the equivalent of the "hourly minimum wage" established for Schedule 1 employers in Chapter 14.19 plus reasonable expenses. The Agency is authorized to consider a minimum compensation standard that provides compensation for available platform time, dispatch platform time, passenger platform time, and reasonable expenses.

- B. In conducting its evaluation, the Agency shall consider the best available sources of data, which may include, but are not limited to: TNC driver surveys or interviews, data provided by TNCs, data provided by TNC drivers, data provided by passengers, data from other jurisdictions, data available through academic, policy, or community based organizations, public forums, academic research, and stakeholder interviews. The Agency shall coordinate with the Office of Labor Standards to determine the best available sources of data as well as to conduct outreach with and elicit input from relevant stakeholders. Areas of evaluation may include, but are not limited to:
 - 1. The "hourly minimum wage" established for Schedule 1 employers in Chapter
- 2. The number of TNC drivers who provide TNC services for more than one TNC and the frequency with which TNC drivers are available to provide TNC services for more than one TNC at the same time;
 - 3. The average and mean number of trips per hour driven by TNC drivers;
 - 4. The average and mean number of pick-ups per hour completed by TNC drivers;

1	12. The impacts of any proposed minimum compensation standard on TNCs,
2	TNC passengers, and TNC drivers, including TNC driver earnings and work hours.
3	C. In conjunction with its evaluation, the Agency, in coordination with the Office of
4	Labor Standards, is authorized to contract with academic and/or policy researchers to conduct an
5	evaluation to recommend a minimum compensation standard for TNC drivers that is comprised
6	of at least the equivalent of the "hourly minimum wage" established for Schedule 1 employers in
7	Chapter 14.19 plus reasonable expenses.
8	D. The Agency shall complete its evaluation and, along with the Office of Labor
9	Standards, present its recommendations to the Mayor and Council by March 31, 2020.
10	E. After receipt of the Agency's recommendation, the Mayor shall transmit to Council
11	proposed legislation implementing a minimum compensation standard for TNC drivers no later
12	than May 1, 2020.
13	14.31.250 Severability
14	The provisions of this Chapter 14.31 are declared to be separate and severable. If any clause,
15	sentence, paragraph, subdivision, section, subsection, or portion of this Chapter 14.31, or the
16	application thereof to any TNC, TNC driver, or circumstance, is held to be invalid, it shall not
17	affect the validity of the remainder of this Chapter 14.31, or the validity of its application to
18	other persons or circumstances.
